THIN

THE LOW-DOWN

These days, it's all too common to skip a meal or grab some fast food on the way to work...but poor eating habits are what has made America one of the most obese nations in the world. That is why low-calorie, tasty Evolv THIN is your new best friend.

WHAT IS Evolv THIN?

Nutrient-dense Evolv THIN is a flavorful, lightly carbonated beverage that provides the natural appetite-satisfying power of the Cha' de bugre herb in combination with vitamins and amino acids that provide needed nutrition that snacking just can't offer. The THIN proprietary blend improves mental clarity, reaction time, concentration and alertness, too.

HOW DOES IT WORK?

Hunger is a sign that the body needs more fuel. But when you're eating junk and therefore malnourished, hunger signals the need for BETTER, not MORE. Evolv THIN helps you break the bad food habit and its risks of heart disease, diabetes and more, by providing flavorful, appetite-satisfying nutrition.

BASE INGREDIENTS

Carbonated Water, Organic Evaporated Sugar Cane Juice, Mangosteen Puree, Mango Juice (from concentrate), Peach Juice (from concentrate), Dietary Fiber, Natural Flavor, Phyllanthus Emblica Extract, and Stevia.

See page 2 for complete nutrition information.

"In the past, if I didn't eat some chocolate cheesecake every night, I wasn't happy. Now I drink an Evolv THIN 45 minutes before dinner as part of my BURN84 Challenge, and it has helped me curb my dessert habit."
